

Braithwaite, Edward Ernest

President, The Western University, U. of Western Ontario

Oct. 1915
(70)

October 15th, 1915.

President Braithwaite

The Western University

London Ont.

Dear Mr President:

The Superintendent of Education has sent to me, as Chairman of the Matriculation Board, the accompanying announcement for schools with regard to instruction and examination in the History and Geography of the War.

He suggests that the Universities may be willing to co-operate in this matter, as regards the Matriculation Examination.

Last year the Universities took action in this way, and I feel sure that the University of Toronto will be glad if the other Universities will join with it in recommending to the Matriculation Board that similar action be taken this year.

Yours sincerely,

President.
